Portable Air Conditioner **A5PA15D**

Acson Portable A5PA15D provides ideal solution for fast cooling comfort with its powerful airflow and easily moveable from one spot to another spot.

Features of Portable A5PA15D

1. Mobility and Versatility

Acson A5PA15D is equipped with castors to move from one place to another. Being mobile, you can place your portable ac anywhere according to your needs. White stylish design with elegant led display of temperature, mode, timer, Wi-Fi and fan level setting.

2. Flexible Air Swing

Cater your cooling comfort where you can set the portable ac to provide direct cooling airflow or to be in swing mode where you can control the position of the swing louver with this mode.

*Swing mode can be controlled by remote controller or the app only.

3. Double Condenser Technology

Rest assured as you don't have to worry about the manual drainage water of portable ac. A5PA15D is equipped with double condenser technology to evaporate all excessive water. The excessive water will be collected inside a tank and when it is full, it will be alerted to execute fogging that help to exhaust all excessive water.

4. Easily Maintenance

The removal of the filter can be easily done to do the cleaning's maintenance.

The durable Pre-filter can be rinsed with water. Hepa and Activated Carbon filter can be taken out easily and cleaned by vacuum cleaner to clear the dust.

Breathe smart by staying in touch with **EASI TOUCH APP**

Life couldn't be easier without Easi Touch App to customize your cooling experience by using Easi Touch app without the need to travel to your portable ac. Just sit down and relax to enjoy the cooling breeze.

Intelligent Timer to Harness Your Cooling

Be carefree as your Portable AC will automatically be in charge at your preferred timings. Planning ahead and never forgetting to switch your it off will always take a load off your electricity bills! You can plan the portable ac operating schedules for the entire week with Easi Touch App

Uninterrupted Good Night Sleep

A good night's sleep is incredibly important for your health. Activate sleep mode to reduce the brightness of the screen and silent operation to avoid any sleep's interruption.

*Sleep mode can be controlled by remote controller or the app only.
