Dry clothes

7
Protect household items

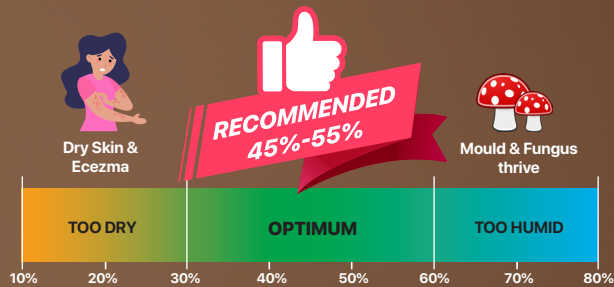

8
Lower energy cost

Ideal Humidity

The ideal relative humidity for health and comfort lies between 30-60% of humidity. Too much humidity or too low humidity can negatively impact your comfort, health, home and possessions.

Therefore, having the right level of humidity in your indoor air environment is critical to ensure a cleaner, healthier and comfortable living environment.

Dehumidifier **APD35B**

Product Dehumidifier

Model Name APD35B

Power 50W

Voltage 220V~

Dehumidification Capacity (85% RH, 30°C) 650ml/day

Water Tank Capacity 3500mL

Sound Level < 45dB

Net Weight 2.95 kg

Unit Dimension (H x W x D) 320 x 264 x 190 mm

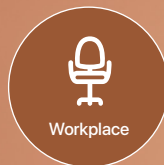

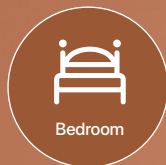

Unit Colour White

Material ABS

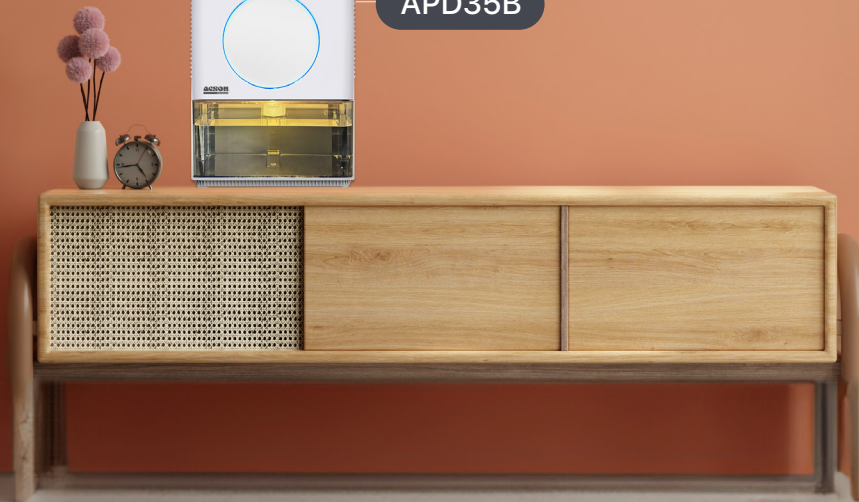

Warranty 1 Year

Wide Application

The application floor area of this unit is up to 30m².
User able to operate it at anywhere with ease.

APD35B

FEATURES

Versatile Mode Settings and Enhanced Air Quality

Personalize your comfort with two dehumidification modes and an independent air purifier setting. Improve air quality with Plusma-Ion Technology and an integrated filter.

Efficient Dehumidification

Featuring double dehumidification module, it effectively eliminates excess moisture, promoting a healthier and more comfortable living environment.

Detachable Filter For Easy Cleaning

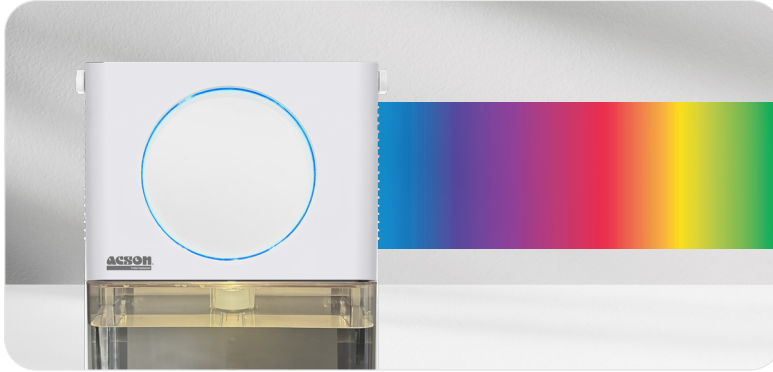

Improve the dehumidifier's effectiveness by utilizing the detachable filter. Effortless cleaning by simply detach it from the back, ensuring fresher air and prolonging the unit's lifespan.

3500ml Large Water Tank

Easily keep track of the water level using the transparent tank, reducing the need for frequent emptying and allowing for extended operation. Enjoy added convenience and peace of mind.

FEATURES

Rainbow Coloured Ambient Lighting

It could be used as an alternative source of night light with relaxing ambient lighting to ease your mind. The unit will switch between different colours of ambient lighting by default. User could fix it at certain colour of their choice by pressing the ambience light switch.

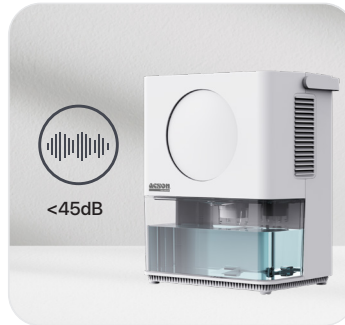

Timer Function

Easily set the desired operating duration using the convenient timer function. The unit automatically powers off after the designated time, ensuring energy efficiency and convenience.

Water Tank Overflow Protection Mode

Experience peace of mind with the built-in water tank overflow protection mode, ensuring automatic shutdown when full. The flashing red ring serves as a gentle reminder to clean the tank.

Low Noise Operation

Experience peace and quiet with the dehumidifier's low noise levels. It keeps the air flowing smoothly and maintains the right humidity without disturbing your calm surroundings.

Seamless Handle with Built-In Cable Storage Compartment

Easily carry and store your device using the built-in handle and hidden cable storage compartment. This adds convenience and reduces clutter in any environment.
